

Coastal Collage

Coastal Collage is a fun and creative way to learn about the ocean and its importance to our lives.

This activity is designed to be used in a classroom or at home. It can be used as a whole class activity, a small group activity, or as an individual activity.

Download a copy of the Coastal Collage worksheet from the [Ocean Literacy Framework](#).

Here's how to make your Coastal Collage:

1

Choose your collage size and theme. You can choose from a 5x5 grid or a 10x10 grid. You can also choose from a variety of themes, including ocean animals, ocean plants, and ocean ecosystems.

2

Use your imagination to create your collage. You can use any materials you like, including paper, fabric, and recycled materials. You can also use photos, drawings, and other images.

3

When you are done, display your collage in a prominent location. You can use it to teach others about the ocean and its importance. You can also use it to inspire others to create their own collages. You can also use it to celebrate the ocean and its beauty.

4

Display your collage in a prominent location. You can use it to teach others about the ocean and its importance. You can also use it to inspire others to create their own collages. You can also use it to celebrate the ocean and its beauty.

5

Display your collage in a prominent location. You can use it to teach others about the ocean and its importance. You can also use it to inspire others to create their own collages. You can also use it to celebrate the ocean and its beauty.
