

# **ANNUAL INFRASTRUCTURE FUNDING STATEMENT 2022**

**December 2022**

# **Annual Infrastructure Funding Statement – 2022**

## **1.0 Introduction to this Statement**

1.1 Planning obligations are legal obligations entered into to mitigate the impacts of a development proposal. This can be via a planning agreement entered into under section 106 of the Town and Country Planning Act 1990 by a person with an interest in the land and the local planning authority; or via a unilateral undertaking entered into by a person with an interest in the land without the local planning authority. It is therefore generally referred to as a ‘S106 Agreement’.

1.2 Planning obligations assist in mitigating the impact of unacceptable development to make it acceptable in planning terms. Planning obligations may only constitute a reason for granting planning permission if they meet the tests that they are necessary to make the development acceptable in planning terms. They must be:

- necessary to make the development acceptable in planning terms;
- directly related to the development; and
- fairly and reasonably related in scale and kind to the development.

These tests are set out as statutory tests in regulation 122 of The Community Infrastructure Levy Regulations 2010 (as amended) and as policy tests in the National Planning Policy Framework (NPPF).

1.3 ‘Infrastructure’ is the term given to the range of services, facilities and structures needed for places and society to function. New development can put a strain on existing infrastructure but can also secure new improved infrastructure and also support services and facilities which may be in danger of closure. Pressure on infrastructure caused by new development should be offset by infrastructure investment funded by that development. Additional and improved infrastructure may be provided on site by the developer. It is often the case however that in order for development to integrate into existing patterns of infrastructure a developer will make a financial contribution towards the upgrade of existing infrastructure or for the provision of new infrastructure by the infrastructure provider.

1.4 The areas potentially subject to contributions include but are not limited to:

- Affordable housing;

- Highway and transport infrastructure including sustainable transport measures;
- Flood prevention and surface water drainage including future maintenance;
- Green infrastructure, including future maintenance;
- Education;
- Health care provision.

Regulation 10 of The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019 which came into force on 1 September 2019 also now allows local planning authorities to require a contribution in respect of the cost of monitoring in relation to the delivery of planning obligations in the authority's area.

- 1.5 Policy SP7 of the Wyre Local Plan adopted in February 2019 (WLP31) establishes a framework for the provision of necessary infrastructure and for the provision of developer contributions through Section 106 obligations or through the Community Infrastructure Levy, if one is introduced in Wyre in the future. It applies to any proposed development including development allocated in this Local Plan.
- 1.6 Lancashire County Council is the local highway authority and local education authority and is entitled to enter into S106 agreements jointly with Wyre Council and other parties with an interest in the land in cases where contributions are required to provide highway improvements to mitigate the impact of a development and to provide for necessary school places generated by the development. Any monetary contributions relating to those matters are therefore collected by Lancashire County Council and not by Wyre Council. Monies received by Lancashire County Council do not appear in this annual funding statement and those contributions have not been monitored as this is the responsibility of Lancashire County Council.
- 1.7 This Annual Funding Statement is drafted to meet the requirements of The Community Infrastructure Levy (Amendment) (England) (No. 2) Regulations 2019, covers the calendar year 2022 and must be published by 31 December.

## 2.0 Details of S106 contributions

2.1 The tables set out as Appendices 1- 6 to this statement provide information on the following matters relating to s106 agreements entered into, and both monetary and non-monetary contributions required received by the council.

**Appendix 1** - the total amount of money to be provided under any planning obligations which were entered into during 2022.

**Appendix 2** - the total amount of money under any planning obligations which was received during 2022.

**Appendix 3** - the total amount of money under any planning obligations which was received before the reported year which has not been allocated by the council.

**Appendix 4** – summary details of any non-monetary contributions to be provided under planning obligations which were entered into during 2022, including details of the total number of affordable housing units which will be provided.

**Appendix 5** - the total amount of money (received under any planning obligations) which was allocated but not spent during 2022 for funding infrastructure, and summary details of the items of infrastructure on which the money has been allocated, and the amount of money allocated to each item.

**Appendix 6** - the total amount of money (received under any planning obligations) which was spent by the authority during 2022 and summary details of the items of infrastructure on which that money was spent, and the amount spent on each item.

### Note:

The term '**allocated**' means that the amount, whether some or all of the contribution received, has been committed to be spent on a specific, approved, infrastructure project in accordance with the terms of the S106 agreement.

### 3.0 Summary

- 3.1 A total of thirteen s106 agreements were entered into during 2022 which included provision for monetary contributions to local infrastructure as well as non-monetary contributions. In total **£1,996,838.20** could be collected by Wyre Council, this figure includes some estimated amounts.
